

# CARESHIELD® CUBICLE CURTAIN SOLUTIONS

**INSTALLED. MAINTAINED.  
HYGIENICALLY MANAGED.**

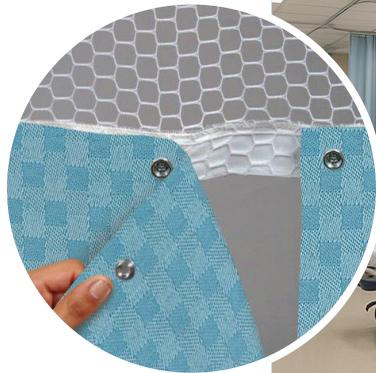

Nixon Medical's CareShield® Cubicle Curtain Solutions offer a full-service, hygienic curtain program tailored for outpatient healthcare facilities. Professionally installed and replaced every six months, our modular curtains help reduce infection risks, streamline operations, and support regulatory compliance.

With the two piece panel system, we eliminate the need for ladders, labor, and on-site storage, so your team can focus on what matters most: patient care.

## FABRIC OPTIONS & CUSTOMIZATION

Choose from high-quality, reusable curtain fabrics with antimicrobial finishes—designed for performance and a polished, professional look.

- Snap-panel design for easy removal
- Fluid-resistant and antimicrobial options
- Custom fabric sourcing available

## LET US LIGHTEN YOUR LOAD

Contact Nixon Medical to discover how our CareShield® Cubicle Curtain Solutions can simplify curtain management and strengthen infection-control efforts in your facility.
